WORK EXPERIENCE

Nike • UX/UI & Developer • 2017 - Current

Leading design and development of internal-facing sites for niche broadcasting, archiving the history of Nike, and whatever else comes up.

Themes, templates, animations, CSS/SCSS, Javascript/jQuery, custom plugins, API integration • Wordpress Core, PHP, AWS • UX/UI, information architecture, scalability and extensibility, QA, testing, analytics, wireframes/prototypes.

Distinct Daily • Front End Developer • 2015 - 2016

Rare chance to build an app site on the level of knowing every line and fulfilling my not-so-inner Type A.

Messaging, autocomplete search, user and content feeds, image editing, carousels/sliders, modals, voting, admin interface, and HLS streaming video • Gulp, Bootstrap, Git, Terminal, Backbone.js, HTML5, CSS3/SCSS, jQuery/Javascript, themes, templates, API • Django/Postgres • Data structure, user flow, feature integration, Wiki, QA, testing, prototyping

PETA (FSAP) • Senior Designer • 2007 - 2016

Generating impacting, eye-catching sites viewed by millions. Thousands of animals saved, memberships increased, and activists supported.

PETA.org, peta2.com, emptythecages.org.uk, animalsinfilmandtv.com & more

Website design, development, illustrations, logos, email templates, 3rd party site integration • HTML5, CSS3, jQuery/Javascript, Wordpress, Facebook Apps, Convio & more • Visual Studio, Sharepoint, Wordpress/PHP • Docs, QA, Prototypes

SIDE PROJECTS

LuminateMedia.com, Jenie.com, Internal Revenue Service • BootyLuvFitness.com, PortlandAnxietyClinic.com, EFTOregon.com, AAGT.org

UI/UX, photography, illustrations, videos, animations, email, forms • HTML, SCSS, jQuery/Javascript, Wordpress, payments, shopping, memberships, forms, sliders, & more. • Backend/Full Stack, payments, analytics • Wireframe, prototypes, design, concepts, analyst, marketing, messaging, QA

SKILLS & LANGUAGES

STRONG

HTML, CSS3, SCSS, Wordpress/PHP, Javascript/jQuery, Gulp, NPM, Terminal, Git, Bootstrap, Visual Studio, API integration • UI design, UX strategy, wireframing, prototyping, responsive testing, documentation/tutorials, vector/SVG/raster, logos, print design • Mentoring, content strategy, content editing, email, structure, navigation, flow

KNOWLEDGEABLE

Backbone/Underscore, Node.js, Django, custom plugins, React

EDUCATION, ORGANIZATIONS & INTERESTS

Pacific Union College & University of Southern Colorado • BA in Psych/Art
Women Who Code, PDXWIT

Building, DJing, Diving, Hiking, Surfing, Roller Skating, SUP, Travel
